

# Clinical Pharmacy Intern!

**Tired of Just Filling Scripts?**

**Independent pharmacy can be so much more, YOU can be so much more!**

.....

Instead of doing normal technician tasks, our pharmacy interns are directly responsible for executing clinical services.

*Your roles would include conducting MTMs, blood pressure screenings, carrying out clinical payer contracts, patient recruitment for clinical trials, participating in state-wide intern programs, diabetes management, and much more!*

Interested? Contact [MedicineShoppeBoyertown@gmail.com](mailto:MedicineShoppeBoyertown@gmail.com) with questions or to apply! No experience necessary.

This non-traditional role will set you apart as a strong, competent candidate for your future endeavors. Consider joining our team today!
